The Advanced Training Program for Talents from Maritime Silk Road Countries

The Advanced Training Program for Talents from Maritime Silk Road Countries

Enrollment

Organizer

The program is sponsored by Huaqiao University and is organized by Maritime Silk Road Institute (MSRI), Huaqiao University.

Program Introduction

Huaqiao University will offer a Training Program, recruiting government employees and advanced talents from various fields of the Maritime Silk Road Countries. The curriculum includes training courses of Mandarin Chinese and traditional Chinese Culture, it also includes lectures about “China and World Economy”, “The Belt and Road” and so on. This program is aimed to train practical special foreign talents, who will be so well-equipped with the ability to communicate in Chinese and a good knowledge of Chinese history, culture and society that they will make significant contribution to the social, economic development of their own countries as well as the communication and cooperation between their countries and China in the field of politics, economy, science, technology and culture.

Curriculum Introduction

The curriculum comprises two modules:

1. Chinese language knowledge and skills training. This module include:
Oral Chinese, Listening, Reading, Language Practice, Chinese Culture and Social Investigate and Survey.
2. Seminars. This module include: China's National Conditions, Foreign relations of China, Cooperation Between China and Maritime Silk Road Countries, Such as China's Economic Reform, China and World Economy, "The Belt and Road" and FTA, Global Economy Governance

You Will Get

1. Certificate of Completion issued by Huaqiao University.
2. Basic listening, speaking, reading, writing and translating skills. Ability of using Chinese in their daily life, study, work, and social activities both in oral and written forms.
3. The students will be familiar with China's national conditions and foreign relations, and have a good understanding of "The Belt and Road" Initiative . They will be able to promote the communication and cooperation between Maritime Silk Road countries and China in various fields.

4. Memorable and warm Chinese experiences. A friendship with talents from Maritime Silk Road countries.
